Certificate US23/00000395

SGS

The management system of

Intel Corporation - Santa Clara

2200 Mission College Blvd., Santa Clara, CA, 95054-1537, United States Of America

has been assessed and certified as meeting the requirements of

ISO/IEC 27001:2022

For the following activities
The Intel Trust Authority Information Security Management System (ISMS) outlines Intel trust and security attestation service (Project Amber) conformance to ISO 27001:2022. This system defines Intel's robust ISMS approach to protecting the confidentiality, integrity, and availability of confidential computing data while providing trust and security attestation service to customers.

All in accordance with the Statement of Applicability version 1.1 dated August 3rd, 2023.

This certificate is valid from 04 September 2023 until 04 September 2026 and remains valid subject to satisfactory surveillance audits. Issue 1. Certified since 04 September 2023

Certified activities performed by additional sites are listed on subsequent pages.
